Statement of Purpose

The El Paso Conservatory of Music, LLC (EPCoM) is dedicated to fostering musical excellence by providing a nurturing environment in which students of all ages and levels may benefit from the expertise of outstanding faculty members. Individual private instruction is the cornerstone of all music training at EPCoM.

Students of all levels are accepted for individual lessons. Students must be at least four to begin private instruction in piano or violin, five for drums, and ten for voice lessons. Each session of study includes weekly lessons or classes. Individual private instruction may begin at any time during the year provided space is available in the teacher's schedule.

Mission

The mission of EPCoM is to improve the highest quality of musical performance and preparation of youth and adults by offering comprehensive professional musical training to the greater southwest region of West Texas, Southern New Mexico and Northern Mexico.

The **Four-Year Pre-College Certificate Program** offers gifted youth the opportunity to realize their highest potential as leaders of the next generation of performing and teaching artists. Participants in the Certificate Program complete a series of private lessons and music skills classes that prepare them for the rigors of college music programs.

The EPCoM **Adult and Youth Programs** provide professional musical education and training to all persons of the community who desire it. This dual mission is based upon the notion that every individual has the capability for artistic expression.

High-Quality Instruction

Aimed at adults and youth that are serious about music, EPCoM features not only private individual instruction but also classroom teaching to develop musical skills and knowledge. All individual private lessons and group classes are taught by experienced artist-teacher faculty. All teachers have professional performing and teaching experience.

Flexible Schedules

EPCoM's private lessons meet on weekday late afternoons and Saturdays. Other times may be available on inquiry. Most group classroom instruction, including sight-reading, theory, performance, and piano classes are taught on Saturdays from 9 AM to 1 PM.

Qualifications for Class Instruction

The class instructor or an EPCoM director will approve student entry level into each class. Some classes will require an audition or a pre-requisite class.

Privileges with Individual Private Lessons

Student Recitals

All students enrolled in private lessons are encouraged to perform in recitals. The Conservatory offers a monthly recital, usually on the third Saturday of the month, on which students can perform. Adult students may perform in adult-only recitals. Faculty members may also schedule recitals and repertoire performance sessions.

Studio Recitals

Individual teachers may arrange for students to meet and perform for each other in an informal learning environment. Depending on the student's needs, studio recitals can be used as preparation for regular student recitals.

Free Admission to Concerts

EPCoM students are admitted free to outstanding concerts at the Conservatory by faculty members and guest artists during the time in which the student is registered at the Conservatory.

Honors Recital

Teachers may recommend selected students to audition for the annual honors recital. Certificates of Achievement are awarded at this special event.

Pre-College Certificate Program

Upon the recommendation of the director or teacher, high school (possibly middle school) students may be selected to participate in the Pre-College Certificate Program of study.

Performance Juries

At the end of each school year, all students have an opportunity to perform before a panel of faculty members and receive a written evaluation of their performance.
